OUR PURPOSE

xROYALTY did not start in 2023. The journey started back in 2017 when a dream, became an idea, that was manifested into reality.

What people thought was not possible. A journey of freedom, of finding oneself, became a catalyst in 2020. In 2020, the 3T Warrior Academy got shut down in one of the worst economic times in the world. We used this time as a catalyst to bring the 3T Warior Academy online, where we have connected **over 5,000 warriors** worldwide through subconscious mind programming, goal setting, vision board creation, community tribe-building, and generational wealth building. We weath-ered the storm, we are now focusing on the future. The future of business, the future of tribe-building, the future of community. **xROYALTY** is proud to announce that we're going on to XRPL. We will be the top project that catapults people into the future. The future of the metaverse, the future of events, the future of how businesses operate.

xROYALTY is a passion project that started back in 2017 with a dream, that became an idea, that was manifested into reality.

Because remember,

“What you believe in your heart, you think in your mind, will eventually become your words and become your reality. If you as a human being can see it in your mind, eventually you can hold it right there in your hands. What you repeatedly do, gets ingrained in your subconscious mind. What gets ingrained in your subconscious mind, becomes an unconscious activity.”

What you're seeing is a manifestation of an idea put into action, that was held for a long enough period of time to become reality. We're going to help people tap into the unlimited possibilities within themselves to become the best version of themselves that can exist within our current paradigm.
